The previous question was ordered—yeas, 113; nays, 34—the clerk noting a quorum, and the question recurred on the approval of the journal.

On this the quorum disappeared and a call of the House was ordered. One hundred and seventy five members re-sponded to their names, but, on the ap proval of the journal, they had dwindled to 148-no quorum; and, on motion of McKinley of Ohio, at 1:55 the House adjourned.

At May's Landing, the County seat of Atlantic County, N. J., on Tuesday last, the case of Mr. K. K. Kennedy of this city, charged with assaulting Mr. S. F. Manning, also of this city, was disposed of. The evidence showed that had blood had existed between the two men for a long time: that they met one Sunday morning in last July in a barber shop in Atlantic City, barber shop in Atlantic City, and that a fist fight ensued in which Mr. Manning got decidedly the worst of it, being in fact soundly threshed. The court imposed a fine of \$50 and costs, amounting in all to \$95. The amount was paid, and the matter ended.

London, Sept. 12 .- The revelations of the Paris Figure show that the Duchesse d'Uzes gave \$600,000 to the Boulanger cause, but did not mix herself in the petty intrigues of the party. In an interview printed in the XIXs Cucle she confirms all that M. Mermeix has said concerning her part in the affair, and adds that she arranged the nterview with the Comte de Paris at General Boulanger's request. #### SAGE'S LOAN TO TALMAGE.

A Religious Investment of \$125,000 That Pays 6 Per Cent. BROOKLYN, N. Y., Sept. 12 .- On a 6 per cent, interest investment Deacon Russell Sage has agreed to loan \$125,-000 to Rev. T. DeWitt Talmage, D. D., with which to complete his new Tab-ernacle. Deacon Sage has arranged to have security about as good as the Government gives, and to get several per cent. better returns on his religious investment than if he were try-ing Government bonds. His securities will include an insurance policy for \$25,000 on the pastor's life, the bonds of the Tabernacie's Board of Trustees, the value of the land on which the new

structure is going up, and a guarantee of the title to the property by the German-American Real Estate Title Guarantee Company.

The loan is to run for one year. It is understood that Dr. Talmage and his congregation hope to be able to pay off the loan by the end of the year. For this purpose it is proposed to secure the services of a professional raiser of church debts and to hold a series of meetings, from which it is hoped to obtain the funds necessary to put the \$125,000 back in the pockets of the Descon, with interest, just as nominated in the bond.

#### WA T A BIG BUILDING.

Brotherhood of Firemen in Conven-

San Francisco, Sept. 12 .- The Convention of the Brotherhood of Locomotive Firemen held a long session yesterday. The reports of the grand officers

were read and approved.

Among the recommendations made by Grand Master Sargent is one that the Brotherhood erect in some central city a building for officers of the Grand Lodge, to cost not less than \$150,000, the money to be raised by general as-sessment; also that steps be taken to prohibit the employment of Pinkertons or other armed forces in time of strikes. The report of the grand secretary and treasurer shows a membership of 19,000 and \$63,000 in the insurance fund. The report also states that the Brother-hood raised by assessment \$450,000 to support the great "Q" strike between February, 1888, and January, 1889. A ball was given the visiting fremen last night.

#### RETROGRESSION, NOT PROGRESSION.

How the McKinley Bill is Regarded by English Papers, LONDON, Sept. 12 .- The Times says: 'The McKinley bill in all its stages has shown public opinion in America, in respect to economical principles, to be in a retrograde rather than a progressive condition. Great Britain regrets that its unselfish Parliament is most unlikely to retaliate. The penal articles of the meat inspection bill will probably

never come into operation.

The balance of the strife over the pork trade seems plainly in favor of Europe. The dangerous precedent of investing a republican magistrate with the attributes of an autocrat is a question for the American people to settle with itself and its representatives."

#### WILL NOT CHANGE THE RULE,

Judge Miller Says Hondsmen Must Present Unencumbered Property, In the Police Court this afternoon Lawyer Morse made a motion before Judge Miller that he suspend the court rule that no man who had any encumbrance on his property would be ac-ceptable for ball. The motion was made in connection with the case of Egbert Dudley, who was charged with selling liquor without a license. The trial was continued, and ball in the sum of \$300 required. Mr. Robinson, Dudley's brother, who had property worth \$2,000, but which had an encumbrance of \$300, was re-

Sullivan Compared to Salvini, From the New York Times.

Mr. Sullivan's first attempt was entirely successful. Of course he is, at present, little more than an amateur, and t would be unfulr to submit his work to very close critical scratiny. He has much to learn, but for that matter so has Salvini. In fact, the work of an artist is never finished. He must devots his whole life to it and learn something new every day. We have no doubt that Mr. Sullivan will learn something new to-day. There Mary Tucker, a colored woman, in the Mr. Sullivan and Signor Salvini. Their names are similar, to begin with; indeed, it is the opinion of eminent Celtic scholars that they are identical.
